

LESSON PLAN

Name of the Assistant/ Associate Professor -Mrs. Amita Panghal

Class and Section

-B.A. 1st Sem 2023-24

Subject

- Micro Economic Theory (ECO-101)

Week	Date	Topics
1	July & August 2023	Unit-1 Meaning, Nature and Scope of Economics. Cardinal utility analysis (meaning and importance of law of Diminishing and Equi-Marginal Utility, derivation of demand curve, consumer equilibrium and criticisms). Ordinal utility analysis (meaning of Indifference Curves (IC), Marginal Rate of Substitution, Properties of IC, Consumer equilibrium, separation of Substitution and Income Effect, derivation of demand curve, criticisms and comparison between cardinal and ordinal approaches). Law of Demand with exceptions. Assignments Revision/Class tests
2.	September 2023	Unit-1 Ordinal utility analysis (meaning of Indifference Curves (IC), Marginal Rate of Substitution, Properties of IC, Consumer equilibrium, separation of Substitution and Income Effect, derivation of demand curve, criticisms and comparison between cardinal and ordinal approaches) Unit-2 Elasticity of Demand: types, degree and measurement, Relationship between AR, MR and Elasticity. Consumer Surplus Assignments Revision/Class tests.
3.	October 2023	Unit-2. Production Function (short run and long run): Law of Variable Proportions and returns to scale, Cost Analysis: Short Run and Long Run (Classical Theory). Unit-3 Market Analysis: Price and equilibrium of firm and industry in short run and long run under perfect competition, Monopoly: Characteristics, equilibrium of firm, Price Discrimination, Monopolistic Competition.
4.	November 2023	Unit-3 Price Discrimination, Monopolistic Competition. Unit-4 Theory of Distribution: Marginal Productivity Theory of Distribution, Ricardian Theory of Rent, Classical theory of Interest (Loanable Funds) and Profit (Knight). Assignments & Revision/Class tests
5	December 2023 Till university exam date	Assignments & Revision/Class tests

Class and Section

-B.A. 3th Sem 2023-24

Subject

- Monetary Economics and Public Finance (ECO-201)

Week	Date	Topics
1	July & August 2023	Unit-1 Money Meaning, Function and significance of Money-concept of Money in a Modern Economy- Quantity Theory of Money-Fisher's and Cambridge Equation Liquidity preference Theory of Money & Rate of Interest Inflation-Demand pull and cost push, Effect of Inflation
2	September 2023	Unit-1 Money.....contd Monetary Policy- Instruments and macroeconomic objectives Unit-2 Banking Meaning and functions of commercial Banks and central Bank. Credit Creations and credit control Recent reforms in Banking sector in India
3	October 2023	Unit- 3 Public Finance Nature and scope of Public Finance Principle of Maximum Social Advantage Public Revenue- Tax and non tax sources, Canon of taxation, Impact shifting & Incidence of Tax Concept of Goods and Service Tax (GST)
4	November 2023	Unit-4 Public Expenditure and Public Debt Growth and structure; Canons of Public Expenditure; Growth and structure of public debt; Debt Redemption Center- State Financial relation; recommendations of latest Finance Commission. Revision and problem solving
5.	December 2023 Till university exam date	Assignments & Revision/Class tests

Name of the Assistant Professor - Dr Amita Rani

Class and Section -B.A. 5th Sem

Subject - Growth & Development and International Economics (ECO-301)

Session - 2023-24

Week	Date	Topics
1	July & August 2023	Unit-1 Growth & Development Meaning and concept: Economic Growth and development; Determinants and measurement of development, Sustainable Development, Characteristics of Developing countries, measurement of Economic development-National Income, PQLI and HDI. Unit-2 Approaches to Development Vicious Circle of poverty, Balanced Growth
2	September 2023	Unit-2 Approaches to Development Unbalanced Growth, Big Push Theory, Development with unlimited supply of labour (Lewis Model) Unit-3 International Trade Internal and International Trade: Absolute and comparative cost theory;
3	October 2023	Unit-3 International Trade Heckscher-Ohlin Theory, Role of international trade in economic development; Terms of Trade: concept & types Unit-4 Balance of Trade and Balance of Payment Concept, Equilibrium and disequilibrium in Balance of Payments; Measure to correct deficit in BOP;
4	November 2023	Unit-4 Balance of Trade and Balance of Payment Current Volume, Composition and direction of foreign trade of India; Function of IMF, World Bank and WTO. Test and revision
	December 2023 Till university exam date	Test and revision

Lesson Plan

Name of the Assistant/ Associate Professor -Dr. Amita Panghal

Class and Section

-B.Com. 1st Sem 2023-24

Subject

- Business Economics

Week	Date	Topics
1	July & August 2023	Unit-1 Meaning, & Types of Economies. Basic problem of Indian Economy, Theory of Consumer Behaviour- Concept, total and Marginal Utility , meaning and importance and application of law of Diminishing marginal utility Concept of Demand: Demand schedule & demand function, Law of demand and its exceptions. Elasticity of Demand: measurement, importance and determinants of elasticity of demand.
2.	September 2023	Elasticity of Supply: Supply function, supply schedule, supply curve, Law of supply and its exceptions and elasticity of supply; Consumer equilibrium; Indifference curve analysis: Concept, properties, marginal rate of substitution, budget line, income effect, substitution effect and Price effect.
3.	October 2023	Unit-3. Production Function (short run and long run): Law of Variable Proportions and returns to scale, iso-quants and Return to factor, Iso-quants and Return to factor, Iso-cost lines and Producer's equilibrium; Economic regions and optimum factor combination; expansion path; internal and external economies and diseconomies; Ridge Lines.
4.	November 2023	Unit 4 Theory of costs: cost Analysis: Short Run and Long Run (Classical Theory and modern theory. Revenue: Concept and types of revenue, relations between total revenue, marginal revenue and average revenue, Relationship between AR, MR, Marginal Revenue and Elasticity of Demand. Assignments & Revision/Class tests
5.	December 2023 Till university exam date	Assignments Revision/Class tests

Lesson Plan

Name of the Assistant/ Associate Professor -Dr. Amita Panghal

Class and Section

-B.Com. (Hons) 1st Sem 2023-24

Subject

- Business Economics

Week	Date	Topics
1	July & August 2023	Unit-1 Concept of demand and elasticity of demand and supply; demand curves: individual's curve, market demand curve. Movement along versus shifts in the demand curve, elasticity of demand; price, income and cross. Concept of Revenue; marginal and Average; Revenue and elasticity of demand.
2.	September 2023	Unit-2 Consumer Behaviour; Notion of Indifference and preference, Indifference curve analysis of consumer behaviour; Consumer equilibrium (necessary and sufficient conditions) price elasticity and price consumption curve, income consumption curve and engel curves, price change and income and substitution effects.
3.	October 2023	Unit-3 Consumer surplus, Indifference curves as an analytical tool (cash subsidy Vs Kind subsidy), Revealed preference Theory.
4.	November 2023	Unit-4 Production; Fixed and variable Inputs, Production Function (short run and long run): Total, average and marginal products, Law of Variable Proportions, linear homogenous Production function. Production isoquants, marginal rate of technical substitution, economic region of production, optimal combinations of resources, the expansion path, isoclines and returns to scale, Assignments & Revision/Class tests
5.	December 2023 Till university exam date	Assignments Revision/Class tests

Class and Section

-B.A. 2nd Sem

Subject

- Macro Economic Theory (ECO-102)

Session

- 2023-24

Week	Date	Topics
1	January 2024	Unit-1 Introduction, National Income Accounting & Employment Theories- Meaning, Nature & scope of macroeconomics; Meaning, Nature & Importance of National Income accounting- concepts and measurement, The Classical theory of employment, Keynesian theory of employment and its relevance to developing countries. Unit-2 Consumption Function & Investment Function- Meaning- Attributes of consumption- Average and marginal propensity to Consume
2	February 2024 Unit-2 Factors determining consumption function-objective and subjective factors. Investment Function-Meaning, Autonomous and induced investment. Marginal Efficiency of Capital-Factors determining marginal efficiency of capital(MEC)- Saving and investment- rate of interest. Unit-3 Multiplier and Accelerator- Keynes Income Multiplier-Assumptions- Working of multiplier-Forward and backward working
3	March 2024	Unit-3 Importance of multiplier, Keynes concept of accelerator- meaning assumptions- factors determining the coefficient of accelerator- super multiplier and accelerator and their interaction. Unit-4 Trade Cycles- Trade cycle Theories: meaning & phases: Samuelson and Hicks
4	April 2024	Unit-4 Growth Models: Harrod-Domar Model, Monetary and Fiscal Policies for Stabilization Revision and test

-B.A. 4th Sem

Subject

- Indian Economy (ECO-202)

Session

- 2023-24

Week	Date	Topics
1	January 2024	Unit-1 Structure of Indian Economy Characteristics of Indian economy, Demographic feature of Indian population; Planning in India; objectives, achievements, and failure, problems of unemployment, poverty, and income inequality in India Unit-2 Basic issues in Indian Agriculture Role of agriculture in Indian Agriculture, Policies for agriculture development,
2	February 2024	Unit-2 Basic issues in Indian Agriculture Land reforms, green revolution; Agriculture subsidies and food securities in India; WTO and Indian Agriculture Unit-3 Industrial development in India Industrial development in India: objective & pattern,
3	March 2024	Unit-3 Industrial development in India I Industrial Policy of 1948, 1956, and 1991; Public Sector, role, performance in India and Disinvestment Unit-4 Economic reforms New Economic policy (1991): Liberalization; globalization, privatization and
4	April 2024	Unit-4 Economic reforms New Economic policy (1991): Foreign Direct Investment, Latest monetary and fiscal policy in India Test and revision

Class and Section

-B.A. 6th Sem

Subject

- Elementary statistics for Economic Analysis

Session

- 2023-24

Week	Date	Topics
1	January 2024	Unit-1 Statistics Meaning, Scope and limitation, Data: meaning, types, sources, techniques of data collection, Sampling vs census, sampling techniques Unit-2 measures of central tendency Arithmetic mean, Median and mode.
2	February 2024	Unit-2 measures of central tendency Measures of Dispersion: Range and standard Deviation Unit-3 Correlation and Regression Correlation: meaning and type, coefficient of correlation: Karl Pearson and rank correlation;
3	March 2024	Unit-3 Correlation and Regression Regression uses, regression lines and regression equations only Unit-4 Index numbers Definition, Characteristics, Problem in Construction of Index Number,
4	April 2024	Unit-4 Index numbers Uses of Index numbers- Laspyere's , Passche's and Fisher's Ideal Index Numbers; Analysis of Time series, Fitting of Trend Line Test and revision

Class and Section

-B.Com (Pass) 2nd Sem

Subject

-Business Economics (BCP-106)

Session

- 2023-24

Week	Date	Topics
1	January 2024	Unit-1 Market structure: Perfect competition-profit maximization and equilibrium of firm and industry; short run and long run supply curves, price and output determination, practical application Monopoly: determination of price under monopoly; equilibrium of a firm; comparison between monopoly and perfect competition, price discrimination; multi-plant monopoly, practical applications Unit-2 Monopolistic competition: meaning and characteristics;
2	February 2024	Unit-2 price and output determination under Monopolistic competition; product differentiation; selling cost; comparison with perfect competition; excess capacity under monopolistic competition. Unit-3 Oligopoly: features, price rigidity model duopoly model.
3	March 2024	Unit-3 Marginal productivity theory and demand for factors, nature of supply of factor inputs, determination of wage rates under monopoly and perfect competition Unit-4 Profit: concept nature and theories of profit, rent- concept, modern theories of rent,
4	April 2024	Unit-4 breakeven point analysis; Interest: concept and modern theories of interest Test and revision

Class and Section

-B.Com. (Hons) 2nd Sem 2023-24

Subject

- Business Economics

Week	Date	Topics
1	January 2024	Unit-1 Cost of production: Social and private costs of production, difference between economic and accounting costs, long run and short run costs of production, economies and diseconomies of scale and the shape of the long run average cost. Learning curve.
2.	February 2024	Unit-2 Perfect Competition: Assumptions, price and output decisions. Equilibrium of the firm and the industry in the short and the long runs, including industries long run supply, difference between accounting and economic profits, producer surplus.
3.	March 2024	Unit-3 Stability analysis- Walrasian and Marshallian demand- Supply analysis. Other Monopoly and Monopolistic Competition and price determination therein. Unit-4 Factors in economic- Development; Physical and capital formation
4.	April 2024	Unit-4 Role of technology; Sustainability Institutional factors/ variables in development. Assignments & Revision/Class tests
